**Over 100 Families
Reported in Need**

Over one hundred families in Appomattox county in need as a result of the drought have been reported to Claude W. Smith, chairman of the county Red Cross survey for drought relief.

**Deaths From T. B.
Reported For 1930**

"While counting our gains of the old year and reviewing the hopes for the new, we are well to dwell upon at least one aspect—during 1930 an average of 43 persons died each week for the first ten months from tuberculosis in Virginia," said Miss Leslie C. Foster, Executive Secretary of the Virginia Tuberculosis Association.

The Virginia Tuberculosis Association is working hard to prevent these deaths from a preventable and curable disease, and if everyone to whom Christmas Seals were mailed in Virginia, who has not already responded, would do so by buying at least a part of the seals, more lives can be saved, for already the death rate has been cut almost in half since 1915.

It may be too late to use the seals and the year in which the money will be used to stamp out tuberculosis is just opening. On account of the depression and drought, living conditions will be less good in many homes in Virginia, and for this reason tuberculosis will be more prevalent, and the victims of the disease less able to pay for sanatorium treatment. Christmas Seals help to keep at the sanatorium those who would otherwise be obliged to return home, to send others needing treatment and to carry on a program for the prevention of the disease.

Mrs. Russell Gimbirt and Dr. J. C. Gimbirt were dinner guests of Mrs. Giles Ingelbrecht at her home at Lynchburg Wednesday.

**Pamplin Bank Re-Opened
For Business Tuesday**

Depositors Agree to Leave All Deposits For Year Without Interest

The State Bank of Pamplin after closing its doors for ten days, re-opened for business Tuesday morning. The reopening was largely due to all depositors having agreed to leave their deposits, both time and demand, for a period of one year waiving all interest.

It is expected that after this expiration these funds will be released, but it is also expected that customers will continue their banking relations in a regular way.

Henceforth accounts will be treated entirely as new business and will have no connection with former accounts until one year has passed.

Even temporary suspension has shown that the bank is essentially necessary for the business interest of the entire community, and the future program of the bank will depend on the loyalty and support of its depositors.

**Local Bankers

In the code adopted, it was made a misdemeanor for any person to wilfully and maliciously make, circulate, or transmit to another any statement, rumor or suggestion, written, printed or by word of mouth, which is directly or by reference derogatory to the financial condition or affects the solvency or financial standing of any bank. The penalty fixed is a fine of not more than \$1,000, or imprisonment in jail for not more than one year, or both.

Poem
The Unseen Bridge

There is a bridge, whereof the span is robed in the heart of man, and reaches, without pile or rod, unto the Great White Throne of God.

It is in human sighs, fervently waited for the skies; the one pathway to Despair.

It is called the Bridge of Prayer.

Household Helps

In placing dishes on ice, place a rubber jar ring under dish. Ring will adhere to both ice and dish, and prevent high slipping.

Salt on the fingers when handling fowls, meat or fish will prevent slipping.

A teaspoon of lemon juice to quart of water will make a fine white and keep the stains separate when bleached.

It is said that if a small silver chest, the silver will not become discolored.
